Alcoholic drinks per week		Cigarettes per day	Other drug use	

Office Policies

Welcome to our office. We are pleased to be a part of your health care team.

Please advise our medical office assistants if you have had any **lab work, ultrasounds, x-rays**, or any other tests relevant to your visit today.

Appointment time with a specialist is very valuable. For the specialists in our office, we schedule 30 minutes for a consultation with our new patients and 15 minutes for a follow-up appointment.

We appreciate that schedules change and ask for as much notice as possible if you need to reschedule your appointment with us. Missed appointments delay care for all patients. Late cancellations and missed appointments may be assessed a fee if we are given less than **2 business days notice**. This fee is **\$100** for a consultation appointment and **\$40** for a follow-up appointment.

Please keep your contact information current because it makes it easy for us to contact you in the event of unexpected schedule changes. We are often called to the hospital for emergencies. This is not within our control. If such an event should occur, our staff will do their best to reach you and provide you with the soonest appointment possible — often within the same day.

Thank you for allowing us to be a part of your health care team. We look forward to working with you towards ongoing health and wellness.
